

Excellence Through Service, Quality, Expertise

Dust Collector

Fiber Types

Excellent = 1 Good = 2 Moderate = 3 Bad = 4

Fiber Type	Resistance to Acids	Resistance to Alkali	Resistance Temperature		Resistance to Hydrolysis	Resistance to Oxidation
			Cont.	Max.		
Polypropylene (PP)	1	1	90	100	1	4
Polyester (PES)	3	4	150	150	4	2
Polyacrylonitrile	2	3	125	140	2	2
Polyamide (PA)	3	2	110	115	4	3
Polyphenylene Sulfide (PPS)	1	1	190	200	1	3
m-Aramid (NO)	3	3	180	220	3	2
Polyimide (P-84)	2	3	240	280	2	2
Polytetrafluoroethylene (PTFE)	1	1	250	280	1	1
Fiberglass (GF)	2	3	260	300	2	2

Surface Treatments

- Singed
- Calendered
- Antistatic
- PTFE membrane
- Oil & Water Repellent Finish

- Polyurethane Foam Deep Coating
- Copolymer Foam Deep Coating
- Acids & Hydrolysis Protection
- Against Flying Spark
- Microfiber Felt

Services

From consultation to installation, we offer quality services for our customers. Please inquire our sales team for further information about your specific needs.

Why Choose GTP?

Goldentex Pro is the leading specialist in air and liquid filtration, particularly in emission control and wastewater treatment applications.

We take pride in our extensive knowledge and expertise about filtration systems, and we have helped a great number of our clients to maximize their filtration system efficiency and reduce operation cost.

With more than 20 years of experience, GTP provides outstanding service and expert advice to ensure our customers get the most out of their investments.

Our Partners

Our emphasis on **quality** control and partnership with leading filtration media manufacturers from around the world guarantee that our clients receive the quality products they are looking for.

Our suppliers include major manufacturers from **Japan, USA, Taiwan, and China.**
